

ROOFING MEMBRANE SLITTER

For TPO and PVC Membranes

#MM21100 MEMBRANE SLITTER

Cuts membrane easily and accurately

- **MADE FROM DURABLE NYLON:**
Lightweight and compact.

- **SIMPLE OPERATION:**
Bottom guide slides under membrane and forces membrane into cutting blade.

- **USER-FRIENDLY DESIGN:**
Sloping nose allows easy tracking of cutting line.

- **USES THREE-HOLE SLITTER BLADES:**

- Blade safely mounted in secure housing.
- Easy to replace and rotate blade.
- Replacement blades available.
