

LONG CUT[®]

INSULATION KNIFE

3-5/8"
LONG BLADE!

#MK46000 INSULATION KNIFE
With 3-sided, beveled cutting edge;
plastic handle

- **LONGER BLADE —**
The 3^{5/8}" blade lets you cut through thicker IsoBoard and other insulation.
- **CONSISTENT EDGE QUALITY —**
The precision ground blade is double-beveled on all three edges.
- **HIGH CARBON SPRING STEEL —**
Hardened and tempered for good edge life, and the right combination of rigidity and flexibility.

**AVAILABLE
WITH SHEATH!**
